

Ohio Valley Regional Chapter
of the Society of Environmental Toxicology and Chemistry

The Ohio Valley Regional Chapter of the Society of Environmental Toxicology and Chemistry (SETAC) was chartered in 1984 as an independent, non-profit scientific and professional organization with several objectives.

These include:

- I. The promotion of research and education in the environmental sciences;
- II. The facilitation of interactions among professional environmental scientists in the Ohio Valley region and dissemination of information on issues relating to environmental toxicology and chemistry;
- III. The sponsorship of scientific programs in environmental areas and to provide a forum for communication among professionals in government, business, industry, and academia.

OVC SETAC MEMBERSHIP APPLICATION

_____ I wish to become a member of the Ohio Valley Chapter of SETAC. Enclosed is a check for \$20.00 for my membership dues. (\$15.00 for student membership)

_____ I would like to continue my membership in the Ohio Valley Chapter. Enclosed is a check for \$20.00.

_____ My company wishes to become a Corporate Affiliate. Enclosed is a check for \$100.00.

_____ My company is interested in becoming a Corporate Affiliate. Please contact me with more information.

_____ I/my company would like to donate money toward the OVC SETAC Marian Vinegar Award.

This award is given annually at the OVC chapter meeting to the outstanding graduate student presentation and carries with it a student membership to national SETAC (with journal), membership for a year to the OVC SETAC, and financial support for travel to the national SETAC meeting.

_____ I know of an individual(s) who also may be interested in chapter activities, and I have included his/her name and address on the reverse side of this form.

_____ Please send me information about the national SETAC organization.
